Welcome back students!
Hope your summer included fun times on the beach, in the woods, at the mountains, in a garden, near a stream, or wherever you find respite!

As your new Academic Advisor, I look forward to meeting all of you to make sure your program questions are answered swiftly. Please know that if my door is open, you are welcome! I am originally from the DC area, have degrees from Texas A&M as well as UGA – and have lived in Athens over 20 years. Prof. Davis is definitely still available “next door” to assist with any B.L.A. issues or coursework concerns, also!

Advisement and clearance for Spring 2020 classes will take place in September and October – registration begins early November. I’ll post office hours and options for appointments soon. I'm truly thrilled to be part of the CE+D and support your academic endeavors as needed. Have a great term!
