

# Union County, Georgia

## Findings

The Center for Community Design and Preservation (CCDP) located within the University of Georgia’s College of Environment + Design (CED) conducted a Phase I historic resource survey of Union County, Georgia from February through April, 2007. The project area covered the approximately 328 square miles of unincorporated land within county limits. The county is bordered by North Carolina to the north and northeast, Towns to the east, White to the southeast, Lumpkin to the south, and Fannin to the west. The resource survey was performed by graduate students in the Masters of Historic Preservation program (MHP) and the Masters of Landscape Architecture program (MLA) at the CED. The survey consisted of background research, windshield and pedestrian field work, data collection and analysis.

## Summary

A total of 132 resources were documented that meet and maintain a minimum level of age, integrity, and significance. The construction date of all identified resources range from 1800-1944. The period with the most extant resources is 1910-1919 with 27 resources (20.5%) followed by 1900-1909 with 26 (19.7%). The majority of the other resources are from the few decades immediately before or after these years. Of the resources, 86 are buildings and 46 are burial sites. From the buildings surveyed, 18 are vacant, 63 are single family dwellings, 2 are stores, and 2 are religious facilities. The styles identified from the single family dwellings are Craftsman (3), Folk Vicotrian (1), Greek Revival (1), and 58 which did not exhibit any type of High Style architecture, and are consider to be of no academic style.
